**[www.disa.mil/conferences/2010](http://www.disa.mil/conferences/2010)** to register and for conference information and updates.

*Army LTG Carroll F. Pollett  
DISA Director*

### Speakers

The DISA Customer Partnership Conference will feature distinguished guest speakers from military, government, and industry. Our opening keynote speaker will be Army LTG Carroll F. Pollett, DISA director.

### Exhibit Hall

AFCEA International will be conducting a technology showcase concurrent with the DISA Customer Partnership Conference. With more than 200 industry exhibitors and 50 DISA exhibitors, companies and programs will feature their latest IT products and services.

Want to see who will be exhibiting? Visit [www.afcea.org/events/disa](http://www.afcea.org/events/disa).

### Tracks and Sessions

The educational tracks and sessions discuss DISA's programs, applications, and new initiatives and provide participants with the opportunity to gain more knowledge and a better understanding of the full spectrum of DISA's programs, services, and solutions.

Tracks and sessions cover a wide range of DISA and DoD related topics to include:

- Advanced Concepts Office
- Chief Technology Office
- Coalition Warfighter Interoperability Demonstration
- Computing Services
- Enterprise Services
- Global Information Grid Enterprise Service Engineering
- Information Assurance
- Information Technology Infrastructure Library
- Joint Interoperability Test Command
- Network Operations Training
- Network Services
  - Defense Information System Network
  - Defense Message System
  - Real Time Services
  - Voice Services
- Program Executive Office - Command and Control Capabilities
- SATCOM, Teleport, and Services
- Small Business Programs
- Spectrum Management Transformation: Strategic Concepts to Operational Reality

### Who Should Attend

DISA customers and IT professionals from the military services, combatant commands, DoD agencies, and federal agencies; industry representatives; and other thought leaders and subject experts.

The conference enables you to interact with DISA senior leaders and other participants to hear about and discuss the successes, challenges, and way ahead of many critical programs and initiatives in the areas of enterprise infrastructure; command and control and information sharing; and operating and assuring the reliability, availability, diversity, capacity, and security of the enterprise infrastructure.

The objective of the DISA Customer Partnership Conference is to provide an opportunity and a forum to exchange information and ideas that lead to improving the capabilities and services DISA provides for the DoD community. Your participation is invaluable to facilitating this endeavor for our mutual benefit.
